## NELSON FARMER FOUND DYING IN BARN YESTERDAY

### Chas. H. Littrell Appar- ently Stricken After Return From Dixon

Charles H. Littrell, Nelson township farmer, residing about eight miles west of Dixon, was found dying in the barn at the farm Sunday morning at 5:30 by a son, Phillip Hervey Littrell. He had apparently been helpless just inside the door of the barn for several hours, unable to arouse members of his family who were unaware of his absence from the house. He is believed to have suffered a heart attack at a late hour Saturday night but death did not actually take place until about 6 o'clock Sunday morning.

Dr. Kenyon B. Segner was notified after the body had been removed to the house, where death took place, and ordered its removal to the Preston funeral home where he conducted an inquest at 11 o'clock Sunday. Upon the suggestion of the coroner, the jury returned a verdict of death due to an embolism in the heart. The coroner informed the jury that the board of supervisors had refused to pay the expense of holding an autopsy, which should have been done in this case, and suggested that an embolism could have caused the death.

### Left Home Saturday Eve

Phillip Hervey Littrell, a son, testified that he last talked with his father Saturday evening about 5:30 when he left home to come to Dixon. Sunday morning about 5:30 he arose and went to the barn to do the chores and observed that his father had not slept in his bed during the night. Opening the barn door, he discovered the body lying on the floor. Upon examination, he found that there was a slight pulse and heart action, but his father was unable to converse. The son then summoned a brother-in-law, Roy Ribordy, who hurried to the Littrell farm and assisted in removing the victim to the house.

A physician was summoned from Dixon but death had occurred before his arrival. Mrs. Littrell, who has been visiting relatives in Oklahoma, returned to her home about two hours later.

Funeral services will be conducted Tuesday afternoon at 2 o'clock from the Preston funeral home. The obituary will be published later.

## SUPREME COURT REJECTS APPEAL OF TOM MOONEY

Washington, Oct. 10.—(AP)—The supreme court refused today to review Thomas J. Mooney's latest appeal for release from San Quentin penitentiary.

Mooney is serving a life sentence for complicity in the 1916 preparedness day parade bombing in San Francisco.

Justice Black and Reed took the rarely-used step of denying their dissent to the court's order which apparently closed the door to any hope that Mooney may obtain release through court action—unless new evidence should be discovered.

It still is possible for a governor of California to grant a pardon. This step is one of the issues in the present gubernatorial contest in that state. For years Mooney has been waging a fight for freedom.

Refusal of a review means that the high tribunal declined to interfere with a decision against Mooney by the California supreme court.

The Mooney action was one of approximately 300 petitions for review upon which the court acted today.

The large number accumulated during the four months summer recess. The announcement for each case consisted usually of only one word—"granted" or "denied."

## Chief of Bulgarian Army Assassinated

Sofia, Bulgaria, Oct. 10.—(AP)—General Ivan Peetir, 70-year-old chief of staff of the Bulgarian army, was shot and killed in a Sofia street today by a man believed to be a Macedonian.

Major Stoyanoff, an aide accompanying the general, was badly wounded. No reason for the murder was known.

(A Sofia dispatch to Havas, French news agency, said the assassin committed suicide immediately after the attack.)

The assassin's name was given by police as Stoiu Yossiphoff. The assassination occurred at 3:05 P. M. (8:05 A. M., E. S. T.).

## Northern Lights

New York, Oct. 10.—(AP)—Look for "northern lights," the aurora borealis, to show up any clear night this week.

This advice was issued today by Dr. Clyde Fisher, astronomer, American Museum of Natural History. It is based on the announcement, Saturday, from Mt. Wilson, Calif., that astronomers are observing the largest sunspot of the century.

The spot about 75,000 miles long and 30,000 wide, actually a collection of smaller spots, is due to pass the meridian, that is appear on the center of the sun, this week.

## MELVIN WEDLAKE PASSED AWAY AT 8 LAST EVENING

Melvin T. Wedlake, more affectionately known to a wide circle of close friends as "Brownie," passed away at the Katherine Shaw Bethel hospital Sunday evening about 8 o'clock. For a number of years he has been engaged as a sheet metal contractor in Dixon. His amiable disposition won for him a wide circle of friends. For several weeks past he has been suffering from ill health and his condition necessitated his spending the summer in northern Wisconsin, where he took a long rest.

He had been about the city Saturday and Sunday and was stricken rather suddenly last evening and taken to the hospital where his death relieved his long suffering.

He was born in Ironwood, Mich., May 22, 1901, and had been a resident of Dixon since his boyhood. He was a member of Friendship lodge, No. 7, A. F. & A. M., of Nachusa chapter, No. 56, R. A. M., and of Dixon Commandery, No. 21, Knights Templar. Surviving him are his wife and three sons, David, Jimmy and Jerry at home, and his mother, Mrs. George Wedlake of this city.

Funeral services will be held Wednesday afternoon at 2 o'clock at the family residence, 612 First avenue and at 2:30 at Grace Evangelical church, the pastor, Rev. George D. Nielson officiating. Interment will be in Oakwood cemetery where the officers and members of Friendship lodge, No. 7, A. F. & A. M. will conduct the committal service.

## Detroit CIO Auto Makers Work Today

Detroit, Oct. 10.—(AP)—Fifteen thousand employees of the Briggs Manufacturing Co. and the Plymouth division of the Chrysler Corporation, idle last week because of a dispute over the 32-hour week being sought by the United Auto Workers of America, were back on the job today.

Nine thousand employees of the Mack Ave. plant of the Briggs Co. were thrown out of work Friday because 6,000 at the Plymouth main plant stood at the gates and refused to enter. The Plymouth workers took the position that they had worked a 32-hour week and were finished for the period. They have been working 40 hours weekly.

Briggs supplies Plymouth with bodies and was directly affected. The word along the union front appeared to be, "no strike," and indications generally were that all present difficulties would be settled in conferences.

## SEEK NARCOTICS THIEF

Chicago.—(AP)—A robber whose specialty is narcotics was the object of a police hunt today. Last night he lured Dr. Peter Strofs to a dimly lighted neighborhood on the west side with a false telephone call. At gun point he robbed the physician of all the narcotics in his medicine kit.

## Fall From Ladder at Ogle County Home Kills Superintendent's Son

(Telegraph Special Service)

Oregon, Oct. 10.—Frankie, 5-year old son of Mr. and Mrs. Ralph Thomas, superintendent and matron of the Ogle county home, died at the Warmolts hospital here at 7:30 o'clock Sunday morning death being caused by a fracture of the skull which the little fellow sustained in a fall at the home Saturday morning.

Frankie and his sister Shirley, aged 8, were playing in a barn and the lad started to climb a ladder to the loft when he lost his footing and fell. He did not appear to be seriously hurt and continued to

## CONCERT LEAGUE PLANNING AN UN- USUAL PROGRAM

### Finest Musical Talent in Concert Field to be Brought to Dixon

Plans are maturing for the membership campaign for the Dixon Concert League, which will open with a dinner at the Hotel Nachusa at 6:30 P. M. Monday, Oct. 17. The opening meeting will be in charge of William S. Wright, director of the national league. Reservations for the dinner will be made to captains of the workers' teams who will notify their divisional chairmen. The latter will report to Mrs. Orville Westgor, chairman of the dinner committee.

The drive will terminate Oct. 22 and all members of last year's league are being urged to maintain their membership as the attractions being arranged for the coming season are among the best available in the concert world and will undoubtedly have a greater public appeal than any musical course heretofore offered in Dixon.

### Vienna Choir Boys

President F. A. Hanson of the Dixon Concert League has been advised that the opening attraction will be the Vienna Choir Boys, Sunday afternoon, Nov. 6, at 3 o'clock at the Dixon high school auditorium. The Vienna Choir Boys are now starting their seventh consecutive American tour during which they will be heard in their programs of sacred and secular music, in folk songs and in operettas. Four centuries ago the foundation of the Vienna Choir Boys was laid by Emperor Maximilian, for the purpose of enhancing the impressive beauty of religious services at the court chapel in Vienna. Since then, no mass has been celebrated at the Vienna court chapel in which the pure voices of the choir boys did not participate. In modern times the organization has been considerably enlarged, so that one group of it is always available for concert tours which have embraced every music center of the world.

### Percy Grainger

Percy Grainger will be another artist for this series of concerts, scheduled for a later date, and the third attraction will be decided by the sale of memberships during the coming campaign. Mrs. I. B. Hoefler, chairman of the league interest, is very desirous that all members of the league interest, others in becoming members, and contact the workers, so these prospects may be interviewed.

The plan of the Dixon Concert League will be the same this year as last year. Anyone may join by applying for membership in advance at headquarters for the drive, the Dixon Chamber of Commerce office. Memberships cost \$3 for adults and \$1 for students. No tickets will be sold for individual performances, the whole group being a part of the plan of the National Concert League, in which this city is a member. Renewal of membership before the opening of the campaign will be appreciated, as this will permit the workers to concentrate on securing new members and thereby enlarging the membership.

## ILLINOIS TEAM WON

Columbus, O.—(AP)—The Caldonia, Ill., 4-H club team won the junior dairy cattle judging contest at the National Dairy Show here yesterday.

## Predicament

Chicago, Oct. 10.—(AP)—Police Lieut. Axel Jensen made a successful ascent to capture a cat which had perched in the top of a tall tree and howled the neighborhood to near distraction.

The officer's descent, cat under arm, was not so successful. His pipe fell from his pocket and broke. One of his teeth was knocked out. His pants ripped.

And the cat got away when Jensen grabbed at the parted breeches.

## AWAIT ADVANCE OF CIO PICKETS ON NEVADA JOBS

Reno, Oct. 10.—(AP)—Heavily armed deputies, flanked by machine gun nests, awaited behind barricades today the threatened second advance in three days of the California C. I. O. union members seeking to picket Nevada highway construction projects.

One hundred fifty men deputized by District Attorney Ernest Brown and Sheriff Ray Root of Washoe county barricaded every road into western Nevada and Truckee, Calif., where 300 C. I. O. unionists were reported meeting.

The principal concentration of deputies was at Verdi, from where 25 camping C. I. O. members were ordered back into California last night.

Bill Berry, photographer who reported seeing erection of machine gun nests midway between Verdi and the state line, said he took three pictures of mobilizing deputies.

Deputies were ordered into barricades after District Attorney Brown told of a conference with C. I. O. unionists and officials of the Isbell Construction Co. The union men, he said, renewed demands 100 men be allowed to picket Isbell projects. When he refused, he said, they left immediately for Truckee threatening to bring pickets.

Saturday a delegation of 100 C. I. O. union men attempted to enter Nevada. Traveling in 40 cars they were turned back at Verdi by deputies armed with a machine gun, shot guns and pick handles.

## Radio-Controlled Altimeter is Shown

New York, Oct. 10.—(AP)—A radio-controlled altimeter that translates peaks and gullies into signals on an airplane's instrument panel promised a solution today to one of aviation's greatest safety problems.

Demonstrated for the first time yesterday, the altimeter was shown to be capable of indicating the distance between the plane and any obstruction rising above sea level below. Present air-pressure altimeters only indicate the plane's altitude above sea level.

The new instrument, perfected by United Air Lines and the Western Electric Co., operates on the transmission of radio micro-waves from the plane to the earth. The waves rebound and the time between transmission and reception is translated into feet on a dial.

In the initial tests, sensitivity of the instrument was shown by fluctuations as the plane passed over buildings, bridges and rivers in the metropolitan area.

## Jitterbugs' Effect on Industry Shown

Washington, Oct. 10.—(AP)—"Jitterbugs," said the census bureau today, are playing havoc with the manufacture of some erstwhile popular musical instruments.

Comparing 1935 and 1937 production, the statisticians found that banjos, guitars, mandolins and ukuleles fell off radically in demand. The output of other instruments used by swing bands, including pianos, violins, saxophones, clarinets and drum, whirled upward.

In the two year period, production of musical instruments increased about 75 per cent to \$33,877,956.

## Pastor Returned

HOWARD P. BUNTON

Popular pastor of the First Methodist church of this city, who has been returned to the local pastorate for another year. The appointment of the Rev. Mr. Bunton to the Dixon charge was announced by Bishop Ernest Lynn Waldorf at the conclusion of the 99th annual session of the Rock river conference in Chicago Sunday evening.

E. Winston Jones of Amboy was ordained an elder of the church at the conference session.

## Terse News

**WEDNESDAY HOLIDAY**  
Lee county banks, in accordance with their custom, will not open for business Wednesday, Columbus Day.

## CAMERA CLUB TO MEET

A talk on making photographic Christmas cards will feature the meeting of the Dixon Camera club at 7:30 o'clock this evening.

## NEW TEACHER

Mrs. George MacGraham has been added to the faculty of the Loveland grade school as part-time instructor. She is to have charge of the second grade room, four mornings a week.

## BAND DEMONSTRATION

A demonstration of band instruments will be held at the high school gymnasium Tuesday evening at 7 o'clock. All parents who are interested are requested to attend. A fine display of instruments will be shown which may be secured on the rental plan.

## LICENSED IN IOWA

Marriage licenses have been issued in Clinton, Iowa to: Carl Bruce and Emma Steder, both of Dixon, Ill.; Sidney Carl Ewing of Texas and Marie Wellmud of Nelson, Ill.; Louis McMurray of Rock Falls, Ill. and Minnie A. Osterhoudt of Sterling, Ill.

## IN POLICE COURT

Ernest Moore, Negro, was fined \$5 and costs in police court on an intoxication charge preferred by Homer Collins, also colored. Moore's arrest followed a report made by Collins to the effect that he had been slashed with a knife in a brawl. Both men bore knife wounds, the police report stated.

## CAPTAINS TO MEET

There will be a meeting of all the captains of the bowling teams tonight at 7 o'clock at the Dixon Recreation. A new Wednesday afternoon league for ladies will be organized at 2 P. M. Wednesday when free bowling and instruction will be available to all interested.

## SAY IT WITH FLOWERS

Roses galore seem to be coming our way and we like it—and such a variety, some 250 all planted in flower pots by Messrs Zuend and Lohse, some of which lend the finest fragrance and beauty and are indeed a joy to look at. We are hoping that Jack Frost will delay his coming and that other gentlemen gardeners will let us record the beauty of their rose gardens.

## WILL IS PROBATED

The will of the late Sarah Anna Swope of Compton, whose death occurred Sept. 7 of this year, was admitted to probate by Judge Grover Gehant in the county court today. The inventory listed property valued at \$1,200 and a daughter, Bertha E. Holden of Aurora was named executrix. Heirs listed are as follows: Bertha E. Holden, Aurora, a daughter; Elijah N. Swope, Earlville, a son; William Swope, Compton, a son; Max Holden, Aurora, a grandson; Sadie

## VATICAN'S PRESS LODGES PROTEST AGAINST ATTACK

### Hitler Commissioner to Investigate Sermon by Innitzer

Rome, Oct. 10.—(AP)—L'Osservatore Romano, Vatican newspaper, today protested against the "outrageous attack" made by a Viennese crowd Saturday night against the palace of Theodore Cardinal Innitzer, archbishop of Vienna.

A Vatican source indicated that a report on "the motive of particulars of the violence" was expected from the papal nuncio at Berlin, Monsignor Cesare Orsenigo.

(Vienna reports said the cardinal suffered a slight wound on the forehead from a piece of flying glass when a window of his private chapel, in which he was praying during the attack, was shattered.)

The Vatican newspaper published a news dispatch from Vienna on the incident, having no official report from church authorities. Vatican circles said this was due to a lack of papal representation in Berlin. L'Osservatore Romano said:

"We raise our Christian and civil protest, expressing to the Archbishop of Vienna sentiments of sincere and profound condolence for the outrage caused to his person and in him to the religion and Church of Christ."

## PERSONAL INVESTIGATION

Vienna, Oct. 10.—(AP)—Joseph Buerckel, Reichsfuehrer Hitler's commissioner for Austria, planned today to investigate personally a stirring sermon preached by Theodor Cardinal Innitzer Friday and subsequent Nazi riots in which the cardinal was injured.

Buerckel's investigation is to start immediately on his arrival here from Saarbruecken, where he introduced Hitler for his address yesterday.

Police closed the sidewalk in front of the archbishop's palace, and curious crowds gathered at the scene of Saturday night's disturbances.

## Charge Youthful Elements

Informed circles charged that youthful elements took advantage of the general indignation caused by the sermon preached by the Cardinal Friday night to make his palace the target for an attack.

These sources denied emphatically persistent reports that the cardinal had been taken into protective custody.

Rumors spread in Vienna that Monsignor Cesare Orsenigo, papal nuncio to Berlin, had arrived in Vienna to confer with Cardinal Innitzer and look over damage to his residence. The Nuncio's Berlin office, however, said "Monsignor Orsenigo is back in Berlin," but made no further explanation.

## TRAFFIC FATALITY

Stockton, Ill.—(AP)—Six persons were injured, one fatally, in the collision of a truck and an automobile on U. S. route 20, a mile west of here, Saturday night.

John Trotter, 50, of Joliet, succumbed yesterday to injuries suffered when his truck collided with a passenger car driven by T. E. Overgaard, 34, of Chicago. Trotter's wife, Eleanor, 27, suffered several fractured ribs and internal injuries. William F. Horan, 32, Robert Tabb, 32, and Bernard O'Connell, 30, all of Chicago, passengers in Overgaard's car, were injured.

## Had Tough Time

Tobias, Neb., Oct. 10.—(AP)—Young Donald Maas has a tough time with his feet.

First, a barrel of wheat fell on one, bruising it severely. The other caught on a chain while he rode a drill. It was mangled badly.

Barely able to walk, he then managed to step on a nail.

## Last Remaining Span of Galena Ave. Bridge Collapse Under Own Weight

The last remaining span and north pier of the Galena avenue bridge collapsed under its own weight Saturday afternoon about 4:15 and created considerable excitement along the shores of Rock river. The first pier from the north shore which had settled resulting in the closing of the bridge last winter, gradually crumbling and collapsed, the steel span falling into the stream.

Fortunately there were no workers on the span at the time and a boat containing fishermen, who

## Room Shortage

Washington, Oct. 10.—(AP)—The census bureau, which is going to do a lot of counting in 1940, checked up today and found there wasn't room available in Washington to do the work.

It asked real estate men to see what they could do about supplying 420,000 square feet of floor space. If necessary, officials said, the bureau will guarantee someone one enough rental to warrant him to erect a new building.

## CHINESE REPORT ANNIHILATION OF 2 JAP BRIGADES

Hankow, Oct. 10.—(AP)—Generalissimo Chang Kai-Shek's headquarters announced today that two full Japanese brigades, totaling 20,000 men, had been annihilated in a three-day battle near Tienan, 130 miles southeast of Hankow.

The official announcement described the engagement as the most complete and overwhelming Chinese victory of the war and said only 200 men of the two brigades left the battlefield alive.

The reported victory came on the event of the 27th anniversary of the revolution against the Manchu monarchy and the news was wireless to Chinese troops on all fronts in time for today's nationwide celebration of Chinese independence day.

The generalissimo's brief announcement stated that a Chinese counter offensive last night drove the Japanese from "Tiger's Point" highlands, northwest of Telen on the Kiangling-Nanchang railway, and then surrounded and annihilated two brigades.

One brigade each from the 101st and the 106th divisions was said to have been wiped out. The communique said that this morning the battlefield was littered with thousands of Japanese corpses, dead horses, and huge quantities of munitions, supplies and heavy equipment.

## Claim Solution of \$427,000 Brooklyn Holdup is Reached

New York, Oct. 10.—(AP)—The World-Telegram says District Attorney William F. X. Geoghan of Brooklyn has information which will solve the daring \$427,000 hold-up of an armored car in 1934 as well as two slayings heretofore not known to be connected with the robbery.

The newspaper says that authorities, after four years of intensive investigation now, for the first time, have a true picture of the crime, the events leading up to and following it, together with the identities of all the characters and the roles they played.

The armored car hold-up, largest cash robbery in New York police history, occurred at the Rubel ice plant in Bath Beach, Brooklyn, Aug. 21, 1934.

The paper says it learned Geoghan is ready to order the arrest of five persons, who with nine others either in jail or dead, are implicated in the hold-up and the two slayings related to it.

## Report 20 Dead in Belgian Plane Crash

Berlin, Oct. 10.—(AP)—Lufthansa, the German air line, was informed today that 20 persons were killed in the crash of a Belgian airliner near Soest, in the Ruhr valley in northwestern Germany.

The victims were said to be 16 passengers, including 15 Germans and one Netherlander, and the Belgian crew of four.

Reports from the scene said bodies were scattered over an area about 1,000 feet long. Searching parties began to recover them.

The cause of the disaster was not immediately determined. Soest is about 35 miles east of Dortmund.

## PREPARED TO RESIST

With Czechoslovak Forces on the Hungarian Frontier, Oct. 10.—(AP)—Steel-helmeted Czechoslovak troops reinforced positions at Komarom and other towns near the Hungarian frontier today, prepared to resist any invasion before an agreement is reached on cession of Slovak territory to Hungary.

Almost an entire regiment, including many American Slovaks who had volunteered for service in the Czechoslovak army, moved into towns about 40 miles from Komarom, where a Czechoslovak-Hungarian commission was attempting to decide the amount of territory to be given to Hungary.

Negotiations opened with a Hungarian demand that Czechoslovakia agree to immediate military occupation of regions having more than 50 per cent Hungarian population and plebiscites to determine the status of other points. It was expected that Czechoslovaks would demand consideration for 350,000 Slovaks now liv-

## HUNGARIAN ARMY READY TO OCCUPY AREAS ON BORDER

### Government of Budapest Demands 6,178 Square Miles of Land

Prague, Oct. 10.—(AP)—Informed Czech sources said today that Adolf Hitler, having divested Czechoslovakia of vital parts of its national defenses by military occupation of the Sudetenland, had begun pressure to reduce what is left of the republic to the status of a vassal state.

These informants asserted Berlin had hinted it would forego further military encroachment only if the Prague government speedily broke alliances with France and Soviet Russia and adopted a policy of complacency toward being drawn into the German orbit.

They said Berlin already had forwarded an indirect demand that the government of the republic follow its autonomous Slovak unit in outlawing the Communist party.

The Czechs said Germany was seeking a strong economic tie, possibly a customs union, grasping Czechoslovakia to the Reich. Further, Germany wants an understanding that German troops might pass through Czechoslovakia territory in the event of a war in eastern Europe, these sources asserted.

## To Allow Existence

Also, it was said, Berlin desires that Prague adopt a policy sufficiently anti-Jewish to prevent any anti-Nazi activities by Jews in the republic's territory.

In return for all these concessions Germany was said to be ready to allow Czechoslovakia to exist and enjoy enough independence to assure linguistic and cultural freedom and greater civil liberty than exists in Germany, provided Prague curbed any internal movements opposing Germany in any manner.

The Czech informants said the new German pressure would meet with strong resistance by the Czech people in spite of the desperate nature of their situation. This has been made worse than ever by the German army's occupation of the fifth zone, which included important portions of the Czechoslovak fortifications system.

## HUNGARIANS MOVE

Komarom, Czechoslovakia (on the Hungarian Frontier), Oct. 10.—(AP)—Hungarian forces today prepared to occupy two border points which Czechoslovakia's negotiators in the Komarom conference agreed yesterday to hand over as a preliminary to the proposed cession of Hungarian-inhabited areas of the dismembered republic.

The two points were designated in an official statement last night as the railway junction of Satoralja Ujhely, just across the border from the Hungarian city of that name and 120 miles northeast of Budapest, and Ipolyzag, 50 miles north of Budapest. The former is to be occupied at midnight tonight; Ipolyzag by noon tomorrow.

Negotiations of Czechoslovak and Hungarian officials on Hungary's demands, begun in this border town yesterday, continued today. Budapest sources said Hungary was demanding surrender unconditionally of about 16,000 square kilometers (6,178 square miles) of "pure Hungarian regions" along Czechoslovakia's southern border. This area contains about 1,200 communities with a total population of 1,200,000, including 860,000 Hungarians.

The Prague government is leaving the parley largely in the hands of leaders of Slovakia, the autonomous unit which will be chiefly affected by the cessions.

## PREPARED TO RESIST

## SECOND ANNUAL NIGHT COLLEGE TUESDAY NIGHT

### Will Follow Fellowship Supper at Presbyterian Church

The second annual "Night College" of the Dixon Presbyterian church will open with a Fellowship dinner Tuesday evening at 6:30 o'clock. Seven interesting hobby and study classes will be offered, from which those attending may select the one in which they are most interested. Similar meetings will be held on five consecutive Tuesday evenings, from Oct. 11 to Nov. 8.

There will be no charge for admission, and an invitation is extended to all in the community who are interested. Each family is asked to bring enough food to share at the ramble dinner. Table service will be furnished for a nominal price, or each family may provide its own. Single persons may bring food or contribute toward the coffee fund.

Classes will be divided into three groups: those of general interest, those for adults only, and those for young people only. A feature of classes for young people will be a cooperative institute for young people of neighboring Presbyterian churches. Out of town leaders will include the Rev. Chester M. Irwin, Stelling; the Rev. and Mrs. Louis F. Grafton, Ashton; and the Rev. John W. Goodpasture, Mendota. Those unable to attend the dinner may attend the classes, which will begin at 7:30 and continue for one hour.

The complete schedule follows:

6:15-6:30 P. M.—Arrival, finding places at table, conversation.  
6:30-7:30 P. M.—Dinner, special music, community singing.  
7:30-8:30 P. M.—Hobby and study classes.

Hobby and Study Classes.

General: 1. Handcrafts and Hobbies—Leader, Miss Marie Kelly, Girl Scout executive. 2. The Presbyterian church, its History, Organization and Program—teacher, the Rev. Louis F. Grafton, Ashton. 3. Four Men Who Spoke for God—Teachers, the Rev. John W. Goodpasture of Mendota and others, who will present the life stories of Amos, Hosea, Isaiah, and Micah, and a study of the social, political, and religious conditions of their day.

For adults only: 1. How to Meet and Master Adversity—Teacher, H. W. Thompson. 2. Child Care and Training—Oct. 11, Miss Esther Barton; Oct. 18, "Guarding the Child's Health," Dr. W. A. McNichols; Oct. 25, "Children's Feeding Problems," Miss Marian Symptom, Lee County Home Bureau adviser; Nov. 1, "Handcraft for Small Children," Miss Marie Kelly; Nov. 8, "Fostering Art in Little Children," Miss L. W. Dement.

For Young People: 1. Travels with Christ into all the World—Teachers, the Rev. C. M. Irwin and Mrs. Louis F. Grafton, a study of world-wide Christianity, based on materials used at the Rockford Young People's conference. 2. Poster Making and Publicity—"How to Make a Poster," Miss Lucia W. Dement; "Photography," and the Young People's Society, Elwin Wadsworth; "How to Write a News Story of Your Activities," Miss Lois Stimeling. 3. Principals and Practice of Public Speaking—Teachers, the Rev. Herbert J. Doran and others.

### MENDING THE FLAGS

Paris—(AP)—When no tri-color waves at the peak of the thousand-foot Eiffel tower it simply means that Madame Henri Gassion is busy with the sewing she has done for the last 35 years.

Mme. Gassion, whose husband operates the wireless station on the tower, has made it her patriotic duty to sew up the flags torn by the winds.

Usually the wind gets five or six flags despite her efforts. The French government recently recognized her position as official Eiffel tower flag repairer by awarding her a small annual salary.

### One-Armed Seattle Man Starts World Trip in Own Ship

Tampa, Fla., Oct. 10—(AP)—

Favored by a spanking tailwind, Ernest J. Moy of Seattle, Wash., sailed his 58-foot "luxury" yawl, the Dione, southward through Gulf of Mexico waters today on the first leg of an 80,000 mile story book pleasure jaunt around the world.

Aboard with Moy was his attractive young wife, dressed in Jersey and slacks and with a Boy Scout knife strapped around her waist, and two Tampa seamen, both with navy experience, Charles W. Schetter, 34, and William N. Hughes, 22.

The craft's clearance papers read "London, via Singapore and way points," and Moy, who has a Federal yachting commission, said "when we get there doesn't matter."

In fact the happy skipper, who has but one arm and is Irish, said the jaunt may take five, or even ten years. He said before sailing late yesterday that his lifetime ambition had been to circle the globe in his own ship.

### HE GETS A LAW MADE

Lynchburg, Tenn.—(AP)—Lem Motlow of Stillhouse Hollow expects soon to begin manufacturing the first legal whiskey turned out in Tennessee since 1910.

Authorization for his distillery was voted in a county local option election provided for by the state legislation sponsored by Motlow, a pre-prohibition distiller. His output must be sold outside the state, for Tennessee is dry as far as intra-state sale is concerned.

## CZECHOSLOVAKIA IS SACRIFICIAL GOAT FOR PEACE

Cayce, Ky., Oct. 10—(AP)—Senate Majority Leader Alben Barkley took the occasion of the unveiling of a monument to Casey Jones, here to remark that "if peace is preserved," dismemberment of Czechoslovakia "was worth the price."

Barkley spoke yesterday at the dedication of a marker to the famed engineer who died in the wreck of the "Cannon Ball," which Casey drove through three freight cars at Vaughn, Miss., April 30, 1900.

"Czechoslovakia was made the sacrificial goat among the nations of the world that peace might be preserved," the administration leader declared. "But if peace was preserved it was worth the price. If it has been lastingly preserved only history can tell."

Barkley spoke of the European situation after referring to Casey, who derived his nickname from this town which was his boyhood home, as a "peaceful man."

Sim Webb, Negro fireman who "jumped" when Casey said "Jump, Sim, jump; there's two locomotives a-going to bump," was present at the ceremonies. Casey's widow and two granddaughters unveiled the marker, which bore a brass plate picturing the famous locomotive.

## Applications for Drivers' License Sent Out by State

Springfield, Ill., Oct. 10—(AP)—

Drivers' license application blanks were available today to an estimated 2,500,000 Illinois motorists.

Announcing the blanks had been sent to city and county clerks, police station, newspapers, motor clubs and notaries public, Secretary of State Edward J. Hughes asked drivers to apply for licenses promptly even though the license law is not operative until May 1.

Prior to that date, no examination will be required of drivers except where qualifications to drive are questioned. First licenses will be in force for three years, until May 1, 1942. The fee is 50 cents for drivers over 18 and 25 cents for those under 18.

Licenses must answer 13 questions carried on the application form. Several are intended to establish whether the driver is physically handicapped and has adequate sight. Another asks the applicant to estimate the number of miles he has driven a motor car.

Poland has 13,491 miles of railways.

## FIRST SESSION SCOUTS SCHOOL

### Supt. L. W. Miller Speaks at Initial Meeting of Dixon Course

Supt. L. W. Miller delivered a stirring address to men of Dixon who gathered at the South Central School for the first session of the Boy Scout training course Friday evening.

The subject of Mr. Miller's talk was "Scouting and its Fundamental Principles." In his message, he pointed out that boys are not born equal, that instead they are all different and also that they are all inherently good. He said, "A boy does undesirable things only when he is in a slump, and then he yearns, inwardly, to get back up onto his normal plain." He pointed out that if youth got into these slumps too often and then finally failed to get back up to their normal plain, that it was the fault of those adults who should be influencing them for good. Youth is a product of his environment, and the Boy Scout program is one that can be used by an institution, in a community, to better the environment.

Mr. Miller made a strong plea for men who would live the Scout oath and law and by so doing set the right example for boys and then give of their time to see that they had the opportunities which Scouting offers to them.

### Two Patrols

As a part of the program of the training course the group was divided into patrols with Homer Schildberg, Scoutmaster of Troop 72, and David Rawls, pastor of the Congregational church, Eagle Scout and former Assistant Scoutmaster, as patrol leaders. The Scoutmaster of the training course group is Ed Rowley, local field executive. Each patrol selected a name, scribe, yell and then entered into contests with each other. In their patrol meeting the following three questions were discussed: 1. What can Scouting do for boys who are Scouts? 2. What can Scouting do for adults? 3. What can Scouting do for the parent institution? Following the patrol discussion of these questions, there was a general discussion with Scout Executive A. A. Stocker as leader. Each patrol reported its findings and general conclusions were arrived at. It was clearly pointed out that the Boy Scouts of America has so much to offer the Boy, the Adult and the Parent institution that neither should hesitate to participate in it.

Elwin Wadsworth, chairman of the Dixon leadership and training committee of Boy Scouts, presided at the meeting and in his closing

remarks made a strong appeal to those present to recruit many more men and older Scouts to attend the second and third meetings. Mr. Wadsworth pointed out that this course is for all men of Dixon and vicinity regardless of their connection with Scouting. They don't have to be connected with Scouting at all. The purpose of the training course is to give all men a better understanding of what Boy Scouting is and how it works. Every male citizen of Dixon, who is eighteen years of age or older, is invited and urged to attend. The second meeting will be held in the South Central school on Friday evening Oct. 14th at 7:30. Come and enjoy the fun of the game and activity periods and fellowship with other men while getting first hand information about the greatest boy's program in the world today, the Boy Scouts of America.

## British King and Queen Plan Trips

London, Oct. 10—(AP)—Britain today saw in the decision of King George and Queen Elizabeth to visit Canada next summer an indication of government confidence the European situation would remain peaceful for at least six months.

The Canadian trip is exempted to be the first of a series of empire tours, and its implications of expected world calm won widespread approval here.

Much speculation was concerned with whether the monarch and his queen would visit the United States. Final details will not be known until next year, but it was pointed out the three-week Canadian trip barely would be sufficient for touring the major sections of Canada alone.

The moon, in each of its trips around the earth, travels a distance of about one and one-half million miles.

## SUPREME COURT APARTMENT SIMILAR TO A CLUB

Springfield, Ill., Oct. 10—(AP)—

Lights burn late these nights in third-floor rooms atop the Illinois Supreme Court building. Justices of the court again are in residence in what some of them refer to as their "concentration camp."

For occupancy during court terms, the state provides each of the seven judges a three-room suite where he can eat, sleep and work in carefully-guarded privacy.

The suites are built for comfort and utility. Each consists of bedroom, bath and an office room equipped with a private library of law books. Nearby are the courtroom, the court's conference room and the main law library.

The jurists' apartments are state property that the public seldom sees, because admission there is by appointment only. The suites are collectively called the concentration camp because the members of the court do much of their work there.

A matron serves breakfasts and luncheons in the court's private dining rooms. No evening meals are served except in cases of illness or emergency. The judges eat what the matron prepares—and pay for it themselves.

The atmosphere of the quarters is that of a club rather than a hotel. Elsewhere on the same floor of the building are similar but less frequently used apartments for the three appellate court judges, a matron's suite and stenographers' quarters.

The moon, in each of its trips around the earth, travels a distance of about one and one-half million miles.

## Author of Children's Stories and the Doll, "Abigail", are Tea Party Guests

Eyes of 12 little Dixon girls sparkled with excitement yesterday afternoon, when they were invited to a doll's tea party at which "Abigail", the doll of the Abigail stories, and their writer, Mrs. Henry Kohler of Chicago, were special guests. Mrs. Ben Billinger of 521 Ottawa avenue, at whose home Mr. and Mrs. Kohler and Mrs. Kohler's mother, Mrs. Robert Patterson Donaldson, were week-end guests, arranged the affair. Mothers of the young party-goers, and the little girls' favorite dolls were included on the guest list.

Mrs. Kohler, who was formerly associated with the children's division of the Donnelly Publishing company in Chicago, is a constant contributor to "Children's Activities", a magazine often used by Dixon teachers for supplementary work. Her books are sold in 43 of the 48 states. One of her stories, "Karl and his Wooden Horse," has been translated into four foreign languages, and is on the reading list in the Dixon schools.

Yesterday, Mrs. Kohler entertained the guests with the history of "Abigail", a pioneer doll brought to Brown County, Indiana by the first white settlers there, more than 100 years ago. A Brown county firm has capitalized on the Abigail stories, and is now offering replicas of the original doll for sale.

Mrs. Billinger was assisted with the party plans by her daughters, Beverly Anne and Patricia Donna, and Patricia Weiss. Covers for 27 were arranged at the candlelit supper table.

## BAKER-SPANGLER NUPTIALS

Miss Esther Ellen Baker, elder daughter of Mrs. George H. Baker of Mrs. George H. Baker of 1121 Center, and Orlando Spangler, elder son of Mr. and Mrs. Charles Spangler of Nachusa, were married Saturday evening at the parsonage of St. Paul's Lutheran church. The Rev. Lloyd W. Walter heard the vows at 8 o'clock.

Miss Margaret Louise Baker, the bride's sister, and the bridegroom's brother, Arnold Spangler, attended the couple. The bride chose a Copenhagen blue frock with a navy wool coat, and her sister was attired in navy blue with Copenhagen coat. Both wore blue accessories, and shoulder corsages of red roses.

Mr. and Mrs. Spangler will reside at 1045 Highland avenue. Both were graduated from Dixon high school. The bride has been employed at the First Street store of the Atlantic and Pacific Tea company, and Mr. Spangler is employed by the Dixon Grain and Feed company.

## PRAIRIEVILLE P.T. A.

Early American Indians and their legendary tales were discussed by E. T. Keithley of Dixon at Friday evening's meeting of the Prairieville Parent-Teacher association. Other numbers on the program included community singing led by Arlene Long; songs by the grammar school; "Autumn Guesses," primary room; vocal duet, Evelyn Shaville and Arlene Wechsler; tap dance and accordion solo, Miss Eberhart, member of the Sterling high school faculty.

Committees for the next meeting include: Hospitality, Mrs. George Wechsler, Mrs. Walter Hackbarth, Mrs. Leroy Hendricks, Miss Richardson and Mrs. Zelma Bradley; program, Mr. and Mrs. Sol Rutt, Mrs. Lulu Mason, Mr. and Mrs. Joseph Reaver and Mr. and Mrs. Samuel Witner.

## Starks-Dentler Rites Solemnized at Byron Church on Saturday

The Rev. Thomas McGregor of Kings read a nuptial service at the Byron Congregational church Saturday, uniting Miss Mary Starks of Rockford, daughter of Frank Starks of Monticello, Iowa, and Donald Dentler of Rochelle, son of Mr. and Mrs. Herbert Dentler of Kings. The vows were solemnized at 8 o'clock.

The church was decorated with garden flowers. Miss Ruth Carlson, pianist, played "O Promise Me," "I Love You Truly," and the Lohengrin wedding march for the prelude. During the ceremony, she played a hymn, and accompanied Mrs. Frederick Johnson and Miss Judith Mork, who sang Cadman's "At Dawning." Miss Mork also sang a solo, "Because."

The bride, who was given in marriage by her father, wore a lace-trimmed princess gown of white satin, designed with a short train. Her long veil fell from a Juliet cap, and she carried white roses.

Miss Maebelle Hubbard of Sycamore, the bride's attendant, wore royal blue lace over peach satin and carried peach roses and white daisies. The flower girl, Roberta Sue Stevens of Stillman Valley, niece of the bridegroom, wore blue and white organdy and carried a basket of rose petals. Clyde Mussemann of Rochelle served as best man.

Relatives of the bridal couple were entertained at a reception in the church parlors, following the ceremony. Mrs. Johnson and Miss Mork sang a duet, "The Sweetest Story Ever Told."

Later, Mr. and Mrs. Dentler left by motor for a wedding trip through Wisconsin. The bride wore a navy blue ensemble with matching accessories for traveling.

Mrs. Dentler was graduated from the nurses' training school of the Swedish-American hospital in Rockford, and has been employed at that hospital. The bridegroom, a graduate of Rochelle high school, is employed as master mechanic at the Gene Bain garage in Rochelle. Upon their return from Wisconsin, the couple will be at home in Rochelle. Out-of-town guests at the wedding included Mr. and Mrs. Arthur Dugdale of Ashton, and Mr. and Mrs. Clarence Dugdale of Chana.

## Eminent Educator is Guest Speaker for Dixon Woman's Club

There is much to do in Illinois in regard to education, Irving F. Pearson, executive secretary of the Illinois Educational association, told members of the Dixon Woman's club at their opening meeting of the year Saturday afternoon. Seventy-three members heard Mr. Pearson, who spoke at St. Luke's Episcopal church.

"School changes should come democratically, a procedure to which the people themselves subscribe to," the educator declared. The speaker, former superintendent of the Winnebago county schools, chose "Democratizing Educational Support" for his subject, and told his audience there is a great need for watchfulness regarding things democratic. "Democracies have fallen by the way-side because of the failure of people to support them," he stated.

Mr. Pearson said that public schools are basically democratic, and pointed out the fact that while their assessed valuation has decreased, school attendance has increased. "State aid," he said, "has partially solved the problem of meeting the need for increased finances."

Mrs. Lester Street, the club president, presided at the opening of the meeting. County Superintendent of Schools L. W. Miller introduced the speaker, who is a personal friend of the Millers.

Dean Ball, well known Dixon violinist, entertained with two solo numbers, "Rondo," from the Mozart Sonata in A flat, and "Rondo," from the Sonata in D by Beethoven. Clinton Fahrney was at the piano.

The club agreed to donate \$2.50 to the Federation Memorial Forest, a conservation project for restoration of the beautiful Ozarks of southern Illinois. The slogan for the project is "Lincoln Pennies Plant Lincoln Pines," and one penny is said to cover the cost of planting four pines.

A donation of \$10 was also voted for the Boy and Girl Scout fund. Mrs. L. N. Deutsch gave a report of the district board meeting held last month at Morrison, and announced a regional meeting for October 20 at Mt. Morris. Mrs. C. W. Roundy read a tribute in memory of the late Mrs. Gilbert Finch.

Mrs. Street and Miss Lucia Dement presided at the refreshment table during the social hour. Orange-colored tapers were lighted and placed at either side of an orange ceramic bowl containing bittersweet no the lace-covered table.

Names of eight new members were read, including Mrs. N. W. Dietrich, Mrs. Robert Shaw, Mrs. Clinton Utter, Mrs. George Stiles, Mrs. Robert Dixon, Miss Alice Crandall, Miss Mary Alice Buchanan, and Miss Fannie Murphy. Mrs. E. H. Prince announced the annual Guest Day meeting for October 22, when Miss Lucia W. Dement, former art instructor at Columbia, is to give an illustrated lecture, "The American Wing of the Metropolitan Museum of Art."

Mrs. Burl Leprid was chairman of Saturday's hostess committee. Assisting her were Mesdames Charles Willett, L. E. Smith, B. J. Frazer, O. F. Goeke, Carl Kling, Joseph Graff, Timothy Sullivan, L. C. Street, A. E. Hammond, Robert Fulton, C. A. Sheffield, G. H. Roffenberger, Miss Geraldine Lewis, and Miss Lucia W. Dement.

## THE ROOSEVELT NOTES

As between Mr. Roosevelt's quietness and those who are shouting that the president saved world peace by writing messages to Hitler during the recent European crisis, we side with Mr. Roosevelt. Mr. Roosevelt has avoided claiming credit and future disclosures may show that he guessed right this time.

To begin with, we doubt whether there are many Americans who would buy liberty bonds until it hurts, ration themselves, close up half the house to save fuel, endure inflationary prices, and above all, send their young men to Europe to save the independence of the entire state of Czechoslovakia, not to mention a mere fringe of that country inhabited by Germans anyway. If Mr. Roosevelt thought otherwise he guessed wrong that time.

The French and British are shrewd. It is difficult to see how, if we had been ready to go to war against Germany, we could have done so except as an ally of the allies, and we have not forgotten the shabby treatment they gave us in France, commercially, diplomatically, economically and in a military way, during our participation in the World War. They knew we were not ready to rush in and save the Franco-Bolshevik alliance.

Furthermore, Mr. Hitler knew it. And the Czechs knew it.

The French knew they couldn't carry on a war against Germany at this time and they had no intention to do it in the beginning. Disclosures subsequent to Munich show that the French virtually bankrupted themselves by the mere act of mobilization, and had to borrow money to the legal limit from the bank of France even to get men to the Maginot line.

Even the British, two years behind their original rearmament program, had a severe case of the jitters. With France bankrupt and themselves far away from the scene of action it is reasonable to assume that they were all the while hunting for a fire escape.

Perhaps Mr. Roosevelt's notes suggested the idea of a four-power conference to Mussolini, or perhaps Mr. Mussolini got the idea from commentators who had said all along that a four-power conference, with concessions to Hitler, was inevitable.

## A GREAT TRUTH LEARNED

We nominate Craig Phillips of St. Petersburg, Fla., as a typical American experimenter. For the benefit of his kind some philanthropist ought to establish a fund for bestowal of annual awards, like the Nobel prizes.

Youthful Craig had a dangerous theory and he dared test it on himself. He was possessed of the idea that if mephitis mephitis, in plain words the skunk, were picked up by the tail, that animal's defense mechanism would be thrown out of gear. We have not been blessed with the information as to how Craig got near enough to accomplish this stunt, but the record shows that he not only picked up a mother skunk, but her whole brood as well. The theory worked. As long as the dangerous animals were suspended in air by their tails there were no unpleasant consequences.

At last there came a time when Craig, having full possession of the brutes, desired to put them down. This was a situation he may not have foreseen, but it was a practical necessity to relinquish his hold eventually. No one wishes to go through life with a handful of mephitis mephitis. As soon as Craig set the creatures down they took the floor and delivered their most telling arguments.

Nevertheless, Craig has discovered a fact. Mark Sullivan may be interested in this. Some months ago Mr. Sullivan was disquieted by a skunk which made a lair under his front porch, and he appealed to the country for help. Mr. Sullivan received many letters in reply, one of which stated that he should, some day when mephitis was absent on business, place a letter under the porch, asking the occupant to vacate. We assume that Mr. Sullivan wrote the letter in his inimitable style and left it where it would do the most good, and we assume further that the skunk moved. We base the assumptions on the fact that Mr. Sullivan has made no more appeals for help.

Putting two and two together, we venture to assure those who are dealing with skunks that writing them a letter is the best policy.

## REACTION TAKING PLACE

News that United Automobile Workers in Detroit plants of the Chrysler corporation, having been employed on a 40-hour week, took action which closed plants and threw thousands temporarily out of work brings to mind the fact that reaction against the C. I. O. has been rumbling about the country.

Mr. Roosevelt recently made an appeal for peace between the ranks of labor, presumably between the A. F. of L. and the C. I. O. He mentioned the inevitable public reaction. We submit that Mr. Roosevelt might well make a plea to C. I. O. for a change in its attitude toward capital.

Mr. Roosevelt made a significant admission to President Green of the A. F. of L., that changes are due in the labor relations act. California and Washington citizens, long victims of strikes and picketing, are undertaking initiative measures to restrict and control strikes. Up to now, on occasion, the government has tacitly encouraged C. I. O. tactics. The states mentioned appear to feel otherwise.

## THE LEAGUE IS INCURABLE

At long last, as the Duke of Windsor might say, the league of nations has decided there is a disagreement between China and Japan, and has risen from its sick bed long enough to say that sanctions may be imposed by those governments which are selling war goods to Japan may quit the lucrative trade if they wish.

As we remember what happened when the league urged sanctions against Mussolini during his Ethiopian campaign, some of the governments will refuse to sell to Japan, and some will refuse to follow sanctions. Those which sell will make money. Others will lose money. The upshot, if we may take the sanctions against Italy for a precedent, will be that Japan will not be injured seriously.

The league's action was a mere howl of indignation, and even at that it was directed more against Germany than against Japan.

## SPEAKING OF DEMAGOGUES

Elliott Roosevelt discussed California's thirty-dollars-a-week-Thursday plan.

Younger people of the country must "stop the demagogues who would mortgage their future and bring economic ruin to the country for their own immediate political power." If the president's son hadn't made it plain he was talking about California's Mr. Downey, one might have supposed he had his own papa in mind.

Washington—It's still touch-and-go whether the president will take to the campaign stump again.

Privately, he doesn't want to. There are too many local headaches lying around to suit him. He had all he wanted for one year when he made his trip across the country several months ago.

His idea is to have the boys come to him for "conferences." That gives them some favorable publicity and saves him the wear and tear of knocking about the country dodging local hot coals.

This is the inside reason why those Democratic candidates have been beating trails to the White House and Hyde Park during the last few weeks. If Mohammed won't go to the mountain then the mountain—if it's running for office—must go to Mohammed.

But the boys who have been hiking to the front porch haven't abandoned their clamor for Roosevelt to take the stump. In fact, they have intensified their undercover pressure, and not alone on the president personally. They are also putting tremendous heat on Jim Farley to get action.

Jim himself needs no persuading. He has been in favor of another "swing around the circuit" for some time. Jim considers New Jersey, Ohio, Pennsylvania, Michigan, Iowa and Kansas very doubtful battlegrounds which require strenuous campaigning.

But last month when he suggested a stumping tour, Roosevelt waved him aside, saying he was too pre-occupied with the explosive European situation.

Roosevelt's final decision will depend largely on the report of a confidential scout who is making a canvass of important danger spots. If he brings word that the president's personal appearance is necessary to stave off damaging Democratic defeats, it's a good bet Roosevelt will take to the rails again. If the scout's findings are reassuring, there will be no presidential junket.

## Dissenter

New legal phrase, coined by newsmen covering the Supreme Court to describe Justice McReynolds' absence from the opening session, at which Chief Justice Hughes warmly lauded the late Justice Cardozo:

"Dissent from Eulogy."

Note—When Cardozo took the oath of office, McReynolds—who had secretly opposed his appointment—obtentatiously read a newspaper.

Townsend and Wheeler  
Congressman Jerry O'Connell, who made the front pages last spring by baiting Mayor Frank ("I am the law") Hague, has just made the painful discovery that Dr. Francis Townsend is more interested in taking a wallop at the New Deal than in electing backers of his pension scheme to congress.

No man in congress has been more zealous in pushing the Townsend plan than O'Connell. It was one of his major planks in the 1936 campaign, and throughout the last session he was constantly badgering floor leaders to allow a vote on the issue. When Townsend was sentenced to jail for contempt of the house, O'Connell was the first to ask the president for a pardon.

Despite this 100 per cent record, and a public statement by Townsend a few months ago urging O'Connell's renomination and reelection, the aged pensionist is now beating the war drums for O'Connell's Republican opponent.

Behind this is the secret hand of Senator Burton K. Wheeler, leader of the anti-administration Democrats and bitter foe of O'Connell.

Fearful that reelection to the house will challenge him for his senate seat in 1940, Wheeler tried to defeat the young New Dealer in the primary. The maneuver was a dud; O'Connell licked Wheeler's candidate hands down. But the setback did not discourage Wheeler.

He has thrown himself into the election scrap with redoubled vigor, stumping O'Connell's district, lambasting both him and the president. By pulling wires he prevailed on Townsend, also rabidly anti-New Deal, to desert O'Connell and plump for the GOP candidate.

Note—Administration generalissimo, aroused by the Wheeler-Townsend ganging up on O'Connell, will shortly come to his aid with a big electrifying bouquet.

## Unfinished Job

Rural electrification administration officials are finding that their work is not completed when they bring electricity into the home. In certain rural communities they also have to educate the farmers

in the use of their shiny new electrical devices.

For instance, a grower near Macon, Tenn., wrote to REA complaining that his refrigerator ran "only half the time." Whereupon a repair man found the machine in perfect order but reported that the inexperienced owner had mistaken the automatic shut-off for a break-down.

From an Indiana farmer a letter was received asking advice on the best way to dispose of "extra ice cubes."

"My refrigerator is very satisfactory," he wrote, "but I don't know what to do with all the extra ice cubes it is turning out. We remove each batch as soon as they are done, but we haven't any more room to keep them."

## Mall Bag

B. L. S., Indianapolis—Salary of members of the British parliament is 600 pounds a year, or about \$3,000. Prior to an increase last year, the pay was 400 pounds, about \$2,000. The salary of members of congress is \$10,000.

V. M., Norfolk, Va.—The war department has made no official announcement of the grounding of older officers in the army air corps, but it definitely intends to take such action. Reason for the move was the fatal crash of General Westover last month.

F. A. M., San Francisco—The countries which have been most reluctant to ratify treaties signed at Pan-American conferences are Uruguay and Argentina, hosts to the last two conferences, and Peru, host to the coming one. Other dissenters are Bolivia, Costa Rica, Panama, and Paraguay. These have not only failed to ratify the important treaties but even such agreements as on "Artistic Exhibitions" and "Peaceful Orientation of Public Instruction."

## Merry-Go-Round

Senator "Puddler Jim" Davis has hit on an economical device to spread his re-election arguments: He is mailing 500,000 postal cards to farmers in Pennsylvania, under his congressional frank, attacking the administration's reciprocal tariff treaties.

An ironic feature is that while Davis denounces the treaties to the farmers, he is keeping very quiet about them in the industrial centers, where they are generally popular.

Attorney General Homer Cummings is not the only official who serves "smokes" at his press conferences. Nathan Straus, head of the U. S. Housing Authority, offers cigars, and Coronas at that. Representative John McClellan's attempt to unseat Senator Hattie Caraway threw him for a loss in more than one way. He has been in the Army and Navy hospital at Hot Springs, Ark., since the August 9 primary.

## STATE NORMAL TO RETURN TO LEAGUE SET-UP

Chicago, Oct. 10.—(AP)—State Normal, winner of its opening conference game, but twice beaten in non-league ventures since then, returns to the Illinois intercollegiate football was this week against Western Teachers of Macomb.

Victory in the game, the only conference battle of the week, will enable State Normal to tie Northern Teachers of DeKalb for the lead. Northern won its second game last week at the expense of Southern Teachers 26 to 0.

The Illinois college group also has but one conference contest up for the week. Millikin, on the comeback trail after a 1937 season in which it tallied but one touchdown, will take on Knox in its conference opener. Last week Knox became the second victim of the pace-setting Lake Forest eleven, losing 20 to 0.

In the only other Illinois college battle last week, Wheaton scored its first triumph over North Central since 1925. The score was 7 to 6.

Other results—Michigan State 18; Illinois Wesleyan 0, Michigan Normal 12; State Normal, 6; Carthage 3; Kirkville (Mo.) Teachers 0; Coe 19; Monmouth 13; Rose Poly 45; McKendree 0; Burlington Jr. College 7; Shurtleff 0; Elmhurst 26; Aurora 0; Augustana 6; Western Teachers 0; Millikin 40; Eureka 0.

Games this week:

Friday—St. Ambrose at Augustana.

Saturday—Western Teachers at State Normal (X). Knox at Millikin (XX). Arkansas State at Southern Teachers. Northern Teachers at Wheaton. Illinois College at Carthage. North Central at Elmhurst. Carleton at Bradley. Monmouth at Lawrence. Lake Forest at Carroll.

(X) Illinois Intercollegiate Conference game.

(XX) Illinois College Conference game.

## LET'S EXPLORE YOUR MIND

## Answer to Question No. 1

1. Far more. If women would expend one-fifth as much time and money in systematic exercise in the study of scientific diet, and in securing plenty of fresh air, sunshine and sleep as they do in studying, planning and making clothes, putting on make-up and the like—we would have such a healthy race of women that many of the beauty aids would be unnecessary. Think of the agony women endure in wearing high heeled shoes! On the other hand, some make them look better, and most of it not really injurious as were old-time corsets and some of those grotesque beauty aids.

## Answer to Question No. 2

2. A psychologist of Washington University, Jessie Bernard, devised a scale for rating degrees of marital happiness and unhappiness. She found more unhappy husbands than unhappy wives, yet did not find the men rated their wives higher on personal qualities than the wives rated the husbands.

From this it seems we may have a high estimate of a person's qualities and yet be unhappy living with him or her. Ain't nature queer?

## Answer to Question No. 3

3. In a sense it is the woman, although it is hard to divide the honors (or the blame) because the thing that really made civilization a necessity was the child. Owing to the fact that the human child has a far longer period of helplessness infancy than any other animal—John Fiske showed fifty years ago was one cause of man's vastly higher intelligence—the mother and child had to be cared for by the father. In order to do this more effectively—fight off animal enemies and secure food—he had to combine with other fathers. Also, the youth had to be trained in the tribal arts, and so civilization was really built around the family and parenthood.

## What Dixon Officials Think of Scouting Program

Mayor William V. Slothower and members of the city council today gave the following answers to the question, "In your opinion, have the Girl and Boy Scout organizations in Dixon, been an asset to this community?"

Mayor Slothower:—"I most heartily endorse the Boy and Girl Scout movement in our community and urge our citizens to give liberally to its support. In my opinion it is one of our most important agencies for the public good, assuming as it does, the obligation of character building of our youth. Its program is both efficient and instructive."

Commissioner Cal G. Tyler, department of public health and safety:

"The Scout program is a deterrent to juvenile delinquency in my vicinity and I heartily commend the continuation of the program in Dixon and vicinity."

Commissioner Clyde Lenox, department of finances:

"I consider the Boy and Girl Scout organizations in Dixon and elsewhere important assets in any community. Scouting for girls and boys is a foundation for better men and women, which means for a high class of citizenship."

Commissioner Joe E. Valle, department of streets:

"The Scout program for both girls and boys is an important asset to any community, and the sponsors of the program in Dixon are to be congratulated for their success in making possible this fine organization for the youth of our city."

Commissioner George Campbell, department of public property:

"I heartily commend the Scout program for the girls and boys of Dixon. It is an important asset to our city and the community and presents a program which is worthy of the whole-hearted support of our citizenry."

George Fruin, Dixon Postmaster:

"There is no question but that Scouting makes better men and women of our young folks as they grow up. All that we do for them will be repaid in men and women of tomorrow who will be able to carry the burden even better than we do."

## WATER EVERYWHERE

Otoe, Neb., (AP)—All during the long drought years the village of Otoe got along. Now, with the heaviest rainfall in years, the town well is drying up, lawns are withering, automobiles go unwashed and water has been restricted to human needs.

Mayor R. R. Irland doesn't know the answer. But he says, unless a test well being dug produces a good supply, Otoe faces a dangerous water shortage.

## ART EXHIBITION

Chicago, Oct. 7.—(AP)—Several paintings by artists from Illinois, Wisconsin and Indiana will be on display at the 49th annual exhibition of American painting and sculpture, it was announced last night by the Art Institute of Chicago. The exhibition opens October 20 and continues until December 4.

## SOVIET AIRMEN DENOUNCE LINDBERGH AS 'LIAR'

Charge Lone Eagle Made False Statements Concerning Red Planes

Moscow, Oct. 10.—(AP)—Soviet Russia's leading airmen today solemnly denounced Col. Charles A. Lindbergh in a statement accusing him of spreading lies about Soviet air strength to give Prime Minister Chamberlain of Britain arguments for the surrender of Czechoslovakia.

(The Soviet statement apparently arose from unverified reports in two London newspapers that Lindbergh had been critical of the Soviet air force.

(Lindbergh has made no comment on the reports. It was not known immediately whether he had ever returned to England after his visit to Moscow in August. He was believed to be in seclusion at his home on Illie island, off the north coast of France.

(His visit to Russia figured in a guarded statement during House of Commons debate last Thursday. Ellen Wilkinson, Laborite, said that "influential people" had told Chancellor Hitler that in no circumstances would Britain fight for Czechoslovakia, and added that "it is a very serious thing that when a very prominent American airman" was being lunched by these people, "they assured him it was impossible for this country to do anything" because Germany's air force was "better than the Russian and French combined.")

Signed By Eleven.

The Moscow statement was signed by eleven Soviet airmen, including Civil Aviation Chief Vasily Molokoff. Ten of the group had been designated officially as "heroes of the Soviet Union."

Published in the communist newspaper Pravda, the statement called Lindbergh a "stupid liar, a lackey and a flatterer of German fascists."

It accused Lindbergh of telling guests of Lady Astor in London that Germany's air fleet was powerful enough to defeat the combined air strength of France, England, the Soviet Union and Czechoslovakia.

His purpose, the statement said, was to provide Chamberlain with arguments for handing over parts of Czechoslovakia to Adolf Hitler.

Called "Has Been."

The statement characterized Lindbergh as a "has been" among aviators, who recently took advantage of Soviet hospitality toward Americans by basking in Moscow without an invitation.

Among other things, the statement said:

"Five years ago Lindbergh visited the Soviet Union, where he was cordially and sincerely received by the Soviet people. The Soviet people cordially opened to Lindbergh the doors of schools and theaters and the gates of airports."

"And then, not long ago, Lindbergh again visited the Soviet Union. It should be noted that nobody invited him, and that if he

was permitted to come it was because Americans had requested it. "Availing himself of this permission, Lindbergh attended Aviation Day (demonstration Aug. 18 during the American aviators' visit to Moscow) and now that he has returned to London he has used his sojourn in the Soviet Union as the basis of calumnies and insolent attacks on the Soviet Union—which was the dish served up to guests of Lady Astor."

## Alleged Assertions

The statement, replying to alleged assertions in London by the American aviator to the effect that the Soviet air fleet was weak and disorganized, said that Lindbergh told guests of Lady Astor that "Germany possesses such a strong air force it is capable of defeating the combined air fleets of England, France, the U. S. R. and Czechoslovakia."

"On what basis does he draw such a conclusion? Only Allah knows."

"Having uttered such a colossal lie, Lindbergh was inwardly amazed at himself and decided to try another."

"His second declaration exceeded his first. He said that during his stay in Moscow he was offered the job of chief of Soviet civil aviation."

"Lindbergh probably has not read Gogol and doesn't know the name of Glestakoff. (Glestakoff was a character in Gogol's play, "Revizor.") He was always boasting and lying."

## Point to Records

"Lindbergh in the role of 'chief of aviation!' Among us pilots such a wild lie could only cause laughter! Such so-called pilots, and even former pilots, will not be permitted to come within cannon shot of our leadership!"

"Another unbridled lie followed. Lindbergh declared the Soviet air fleet is without leadership and is in a chaotic condition."

"Soviet aviation holds a majority of world records. The Soviet Union has hundreds and thousands of perfect pilots who not only know how to fly but at any time could be perfect organizers and leaders."

Besides Molokoff, the ten included Valeri Chkaloff, one of the Soviet Polar fliers to California in 1937, and Vladimir Kokinaki, who flew 4,300 miles from Moscow to Vladivostok last summer. All were Lindbergh's guides and companions during his Moscow visit.

## OCCUPATION OF SUDETEN AREAS COMPLETE TODAY

Germany's Forces as Far as Commission Has Authorized Them

With the German Army of Occupation in Sudetenland, Oct. 10.—(AP)—The German army today halted its advance into Czechoslovakia, having occupied all the territory agreed upon by international negotiation.

With the occupation of the so-called fifth zone completed, no further steps were expected until authorized by the international commission sitting in Berlin.

The territory already occupied includes between 80 and 90 per cent of that where live the Sudeten Germans in Czechoslovakia.

(The occupation was accomplished with very little disorder. The official German news agency, DNE, reported yesterday, however, that two Sudeten Germans were shot and killed by Czechoslovak soldiers at Troppau a few hours before German troops entered that city. DNE also said a 14-year-old boy was shot to death at Schillerdorf as Czechoslovak forces left.

(A dispatch from Reichenberg said Konrad Henlein, the Sudeten German leader, had dissolved the Sudeten "free corps" which was formed as a fighting arm of the Sudetens during the Czechoslovak crisis.

Poles Occupy Sector.

(Polish troops continued to occupy the territory ceded to Poland. Yesterday they moved into Bohumin, important railroad junction town, which was scheduled to be occupied October 11.

Warsaw foreign office officials said Czechoslovakia had asked them to advance the date to avert disorders in the adjoining territory.

(Dispatches from Komarom, on the Czechoslovak-Hungarian frontier, said Czechoslovakia had agreed to Hungarian occupation of two border towns as an initial step in settling Budapest's territorial claims. Satorajauha is to be occupied within 24 hours and Ipolygash within 36 hours.

(Czechoslovakia also agreed to release all Hungarian political prisoners and discharge all Hungarian-speaking soldiers from the Czechoslovak army.)

Whether a plebiscite in areas of mixed German and Czech population would be held or some other arrangement made with Prague was being debated.

German army officers said they did not believe a plebiscite would be held.

## HORSE SHOW AT DICKEY ACADEMY SUNDAY SUCCESS

Over 500 Enthusiasts Attended Free and Excellent Affair

About five hundred persons attended the horse show presented by Mr. and Mrs. Charles Dickey at their riding academy, 815 Assembly Place, yesterday afternoon.

Entries were confined to Lee county with the exception of the invitation issued to the girls of Frances Shimer college at Mt. Carroll. The purpose of the show was to interest people in horseback riding as pleasant exercise.

The list of classes and the winners in each are as follows:

Five gaited horses, owners to ride—Miss Bertha Heeger riding Count.

Five gaited horses, riders not over 20 years—Miss Norma McCullom of Frances Shimer school, riding Rhapsody.

Three gaited horses, owners to ride—Miss Heeger riding Her Majesty.

Pair class, three or five gaited horses but shown only in three gait—Mrs. George Beier's horse, Chang, with Miss Maxine McGinnis riding. Perfection Dare with Ernest Lewis of Compton riding.

General purpose horse shown at walk, short lope or canter and gallop—Duster, owned by Clarence Meyers of Dixon.

A fine meeting was enjoyed last week with special instruction in first aid, map making and compass work. Senior Scouts Jack Ferger and Martin Stanford held group sessions in these subjects. Scouts are requested to take pocket knives with them Tuesday to be used in a special project.

HOLD RUNAWAY BOY  
A 13-year-old runaway boy, giving the name of Henry Ulrich, alias Jimmy McHenricks and his home as Yakima, Wash., is being held in the county jail pending an investigation. Deputy Sheriff Gilbert Finch went to Nelson Sunday morning where he found the youth wandering about in the Northwest railroad yards, and brought him to the county jail. A telegram to his father in Yakima, informed him of his son's presence in Dixon.

SUIT FOR \$3,000  
Clarence C. Paulsen of this city has filed a complaint in the circuit court against J. Turner Mills of the Millway hatcheries of McNabb, Ill., seeking a judgment to recover the sum of \$3,000. The petition sets forth that Paulsen at the age of 18 years, on Nov. 11, 1935, with Thurlie D. Swain entered into a contract to operate a hatchery. It further sets forth that as a minor he paid the defendant the sum of \$2,000 in accordance with the terms of the contract and in addition has paid bills amounting to \$944.50.

He is now in the Connecticut capital, where he will remain until October 8, when he will have completed four weeks' intensive training in underwriting practice and sales procedure.

SEEK RECKLESS DRIVER.  
Three cars were damaged east of the court house square at 11:30 today and police were attempting to locate a reckless driver who was reported to have sped away from the scene. The cars were parked when a driver pulled away from the curb, locking bumpers with a big sedan which was thrown against the side of another car. The heavy sedan, when released, rolled back over the curb, across the sidewalk on to the court house lawn. The reckless driver hastily left the scene but court house employees who were attracted by the crash, obtained the license numbers which were furnished the police.

It is estimated that about 7000 wild creatures are killed by automobiles in the United States every day.

NATIONAL SAFETY COUNCIL PRE-DICTS BIG GAIN

Further Reduction of Hazards to Humans Aim of Society

Chicago, Oct. 10.—(AP)—W. H. Cameron, managing director of the National Safety Council, whose leadership nurtured a \$1,400 dream into a \$750,000-a-year reality, predicted today hazards to human life and limb would be reduced much in the next 25 years.

Expressing his views at the outset of the council's silver jubilee congress, Cameron said his organization's accomplishments in the last quarter century warranted every reasonable expectation of even more important gains.

"The man who has been the dynamo of the movement since 1913 affirmed his faith in at least a fractional solution of the country's traffic problems. He said: "The crux of it all is the education of the driver. The day of super-highways, faultlessly marked and adequately lighted at night, is coming, but these material improvements will avail us little if we cannot teach the man behind the wheel to accept regulations and restrictions devised for his own welfare, as well as for the good of others."

"I believe, however, that we are coming into a period when a much more thorough checkup of the driver's competency and sense of social responsibility will be insisted upon. Pedestrian education will receive new emphasis."

To Demand Protection.  
"I believe," he asserted, "that in the next 25 years society, acting through authorized agencies, will have the right to go into the home and demand proper protection be provided for children."

"Enormous strides will be made in industrial safety. I am confident we shall be able to reach the small employer and get all the rank and file to understand the importance of the protective idea."

Reports of Incidents  
In unofficial Czechoslovak quarters there were reports of frontier incidents. A number of Hungarians were said to have been killed and one Czechoslovak wounded in a Hungarian attack on frontier guards at Sahy, 85 miles southeast of Bratislava.

A Czechoslovak commanding officer said army officials were having difficulty in restraining soldiers, deeply resentful of further dismemberment of the republic. The soldiers wanted to fight to preserve what was left of Czechoslovakia's territory.

FUTURE CARRIES DANGERS HITLER TELLS GERMANY

Fueher Fears Cooper, Eden and Churchill of Great Britain

Berlin, Oct. 10.—(AP)—Informal circles today interpreted Chancellor Adolf Hitler's Saarbruecken speech as a warning to Germany that the future still carries war dangers.

The chancellor declared that Germany was ready "for a policy of understanding with out neighbors," but was preparing herself defensively more than ever.

He indicated that Germany would continue especially to keep an eagle eye on three British statesmen—former Foreign Secretary Anthony Eden, former First Lord of the Admiralty Alfred Duff Cooper and Winston Churchill, First Lord of the Admiralty during the World War whom he described as "leftovers from Versailles."

"The experience of the past eight months," he said, "shows we must strengthen our determination and be careful to leave nothing undone for our security and rights."

Can Be Supplanted  
"There are those abroad who do not want peace. The construction of their states is such that men of peace can, at any time, be supplanted by others."

"Supposing after Chamberlain (British prime minister) there came Cooper or Eden or Churchill? They are men who would like to make war."

(Duff Cooper resigned as First Lord of the Admiralty October 1 and Eden resigned as Foreign Secretary February 20, both in disagreement with Chamberlain's foreign policy. Churchill frequently has criticized Chamberlain in the House of Commons.)

"We must, therefore, always be ready for peace but in every hour prepared for defense," he continued. "I have, therefore, decided to continue to build up our fortifications with increased intensity."

Fortification Chain  
"I will now include two districts—Aachen and Saarbruecken—in the fortification chain."

"On the other hand, I am glad to be able to say that certain measures of security necessary in these past critical weeks and months will be rescinded in the next few days."

"Reservists will be discharged. I am happy to thank them here for what they did."

Hitler spoke at a demonstration on Liberty field following the dedication yesterday morning of the Saarland people's theater which Propaganda Minister Paul Joseph Goebbels described as the most modern in Germany. It is the chancellor's gift to the Saar population in recognition of loyalty to Germany.

"As a strong state," Hitler declared, "we are now ready at any time for a policy of understanding."

"We want nothing of others. We merely want peace."

## FANFARE—

By DON DANIELSON

We are in the weeping room today—hanging on to the crying towel along with the others who made bad picks on football scores. In mid-week we attempted to forecast five games in the Dixon area and three of them let us down. We said Dixon over Mendota—which was right; Rock Falls over Amboy—which was also correct when Amboy took it on the chin 30 to 0 on the Rock Falls field Saturday afternoon. The Belvidere-Dekalb game ended in a 6 to 6 knot (we said Belvidere); Community defeated Township at Sterling (wrong again) and Rochelle was defeated by Polo 7 to 0 (also wrong guess.)

A radio announcer from Chicago named Bob Underwood of Dixon as the outstanding player of the Drake team during a broadcast of the Drake-Northwestern game Saturday. Bob is a co-captain of the varsity squad.

Dixon high school's football teams didn't find Mendota the easy pickings of last year. Saturday the heavyweights nosed out the Mendotas with a 7 to 0 victory while last season they romped away with a 27 to 6 score. Even the lightweights found it harder going and won on a 13 to 6 count compared to last year's 32 to 0 triumph for the Purple ponies.

Records of the football season of Dixon high school at the half way mark show that the locals have made 38 points to 19 by opponents. The local touchdowns have been made thus: Richards, 2; Page, 3; and Bevilacqua, 1.

Polo Community high school and Rochelle met Saturday afternoon on the Polo gridiron and the hosts kept the victory in their own town after a nip-and-tuck affair which ended 7 to 0. In the second quarter Schryver tossed a touchdown pass to Galor and Rowland was successful in his kick for the extra point. Rochelle lost chances to score on costly fumbles. In the first quarter Rochelle had the ball within a foot of the Polo goal, only to lose it on a fumble. Rochelle threatened again in the third frame only to lose the ball again a fumble. Next week Polo meets Oregon on the Mt. Morris grid.

Looking into the little black book which contains (among other things) the list of guest pickers, we note that Bill Underwood is set for next Friday. We seem to remember stating that Bert Cummings was next; he comes for the week-end of Oct. 22. Sharpen your pencil, Bill.

Jack Fritzlen, guest picker of Friday night, battled for a percentage of 700, falling down on his two loves Indiana vs. Illinois. Other errors against Jack were the Ohio State-U. S. C. game, Southern Methodist vs. Marquette, Iowa State vs. Nebraska, Alabama vs. Tulane and U. L. C. A. vs. Washington. That's a commendable record—and a high target for others to sight. Bill Underwood is polishing the crystal this week.

The Mt. Morris football team lost its homecoming game Friday night to the Oregon squad by a score of 13 to 0. Next Friday the Mt. Morris lads will play in the homecoming at Amboy.

Before the Dixon-Spring Valley baseball game yesterday there were two baseball games left to be played and four football games. It has been an unbalanced season with both sports enjoying the present good weather. The Dixon baseball club will conclude its season next Sunday afternoon at Walton.

## YANKEE VICTORY CASTS GLOOM ON FUTURE OF GAME

### Unequal Contests Passed Away Quietly Yesterday Afternoon

New York, Oct. 10.—(AP)—The 1938 World Series of baseball passed away quietly last evening at the Yankee stadium before 60,000 hored relations, with Rufus Ruffing pitching and Bill Dickey catching. Please do not send flowers.

The fact that the New York Yankees, in beating the Chicago Cubs for a straight, established a record of three consecutive World Series triumphs over the struggling National League does not somehow seem exciting.

It never was a contest, from the time the Cubs' infield blew up at the opening game at Chicago until the Yankees scored four runs off four pitchers in the eighth inning yesterday to make the final result 8 to 3.

The Cubs, facing a team that now has won 24 of its last 27 World Series games, were a lightweight trying to stand up to a heavyweight. They could only take a few quick kicks at the Giants' shins before they got walloped.

They got stretches of magnificent pitching from Bill Lee, Dizzy Dean and Clay Bryant, and then banged out a lot of good hits, first and last. But their pitchers invariably were knocked for a loop.

A warm summer-like sun beat down on the gridiron at Mendota Saturday afternoon and heated it just enough to make the hosts fry and sizzle under a 7 to 0 defeat at the hands of Dixon high school.

The lads from that camp on the north bank of Rock river played superior football during the first half and for this they were rewarded with a touchdown early in the second frame. An opponent's fumble helped them to score.

However, if teeth have skin, the locals got by on it in the second half when Mendota opened an attack as relentless as that staged by the late afternoon mosquitoes. Like the insects, Mendota started an aerial offense which nearly raised a welt on Dixon's victory. The final gun did much toward slapping the threat.

First Conference Game.  
It was Dixon's first North Central conference game this season—and therefore, the first victory. For Mendota it was a second conference defeat, having suffered last week at the hands of Belvidere, Dixon's next rival on Friday night.

During the entire game Dixon made eleven first downs as compared to eight by the rivals. Six of the hosts' came in the last half drive and two by passing in the closing seconds. Penalties by both sides spotted the contest with Dixon the heavier loser when the Purple was set back for a total of 40 yards compared to 15 for Mendota.

Dixon managed to maintain almost complete possession of the ball during the first half. After the initial kick-off and a series of unsuccessful downs by Mendota, the ball was on the Dixon 20 yard line as the Lindellmen took it over. On the first down Richards went through right guard for four yards. Page picked up from there to whip around left end for two yards. Bevilacqua cut back through left tackle and failed to make first down only by inches.

Morris Kicked.  
Morris kicked on fourth down, but Mendota was offside and on the penalty Dixon took the ball for first down and Bevilacqua smashed through right tackle for four yards. On an attempted run around left end Page was smeared for no gain. On a fake pass Bevilacqua found a hole through left guard and made it another first down to the Mendota 35 yard marker.

After an exchange of punts Richards of Dixon took the ball on his own 39 yard line and on a spinner into the line picked up 3 yards. Moore repeated the play and it left only four yards for a first down. On a reverse from Moore, Page drove through to the Mendota 45 marker for first and ten.

On the first play Richards slipped through left tackle for a couple of yards. Bevilacqua's pass to Page on the second play was incomplete. On third down

Moore picked up three yards through left guard before he was downed. Moore punted from Mendota's 40-yard line and Hesseberger who took it on the Mendota four yard line, fumbled and Mantsch of Dixon fell on the ball.

Page Goes Over.  
With first and goal to go for Dixon, Moore on a reverse from Bevilacqua went around right end for a couple of yards. Richards fumbled and recovered but lost about a half yard. On third down Richards went through center to the 6-inch line before he tangled and was downed as the quarter ended.

After changing goals it was fourth and inches. On a reverse from Richards, Page cut through left tackle for the touchdown. On the line plunge it was Page again who went over for the extra point. Dixon, 7; Mendota, 0.

Mendota received the kick-off and on the second play Hesseberger's pass was intercepted about mid-field by Nicklaus of Dixon. On Bevilacqua's pass to Ashford, Dixon was penalized 15 yards for illegal use of hands. It was second down and 25 for the locals when Bevilacqua raced around left end for 16 yards; Richards smashed the line for 5 more yards and Bevilacqua made it first down on the Mendota 21 yard stripe. After a series of small gains Dixon was again penalized for too much time in huddle and the ball went to Mendota on their own 21.

Mendota Threatens.  
Mendota gave promise of a smarter second half when in the second quarter they threatened the Dixon leadership. After a Dixon penalty for too many time outs, Moore kicked a beautiful punt from his own 35 to the 19 of Mendota. From here Seno found a hold through left guard and tackle and pick up about four yards. A double reverse from Shaprio to Hesseberger to Troupis was good for a first down around left end to the Mendota 30.

The double reverse was repeated and Troupis was stopped for no gain. Shaprio's pass to Schmitt was dropped and on the third down Shaprio passed to Seno who took it on his own 35 and raced 45 yards to the Dixon 20 before he was brought down by Page. Seno was stopped for no gain and the half ended.

Early in the third quarter Moore in punt formation received a bad pass from center and was unable to recover the ball where it was downed on the Dixon 22 by Troupis of Mendota. Shaprio lost a yard trying to skirt left end, his pass to Troupis was incomplete and on third down Troupis picked up about three yards. Running from punt formation Shaprio picked up seven yards to the Dixon 14, where—due to the 1 yard loss—he fell short of a first down. Shaprio and Christie were hurt on the play and taken out of the game.

Dixon Attempts to Score.  
Troupis of Mendota, now playing in the backfield, took over matters about this point and was responsible for three first downs for his mates by line plunges. Dixon would recover the ball only to turn it back to the Mendota men for more first downs. Near the end of the final frame Dixon made a desperate attempt to score again. Moore of Dixon took Shaprio's kick on the mid-stripe and went to the Mendota 42 before being felled.

A spinner by Reese failed to collect yardage and on the second down Bevilacqua on a reverse from Reese dashed around left end to the Mendota 14. A reverse from Louie to Reese was good for a yard and McGrail picked up about 3 to the 10 yard line. Moore, on an attempt to buck the center of the line, was stopped for no gain. Bevilacqua took the ball again and skinned around right end for only three yards and the ball went to Mendota.

In the closing minutes Mendota started a desperate passing attack. Two clocked for a total of 26 yards and the final gun found the ball in the hosts' possession about mid-field where they had come from their own 7 yard line.

For Dixon the game was marked by brilliant punting by Moore and heads-up playing by the rest of the backfield.

### Now That Baseball is Over—

New York, Oct. 10.—(AP)—Free finally of potent competition from baseball, the 1938 football season takes full charge of the sports scene this week.

Three weeks of preliminary firing, marked on the whole by surprising adherence to the form charts, simply have whetted the appetites of football fans for major tests to come. Thus far it's been largely batting practice but from now on sectional championship hopes will be on the line week after week.

This week's program lines up as follows:  
East: Two undefeated New York state rivals, Cornell and Syracuse, collide at Syracuse in the main domestic battle. Cornell, in triumph over Colgate and Harvard, the latter 20-0, has shown great all-around strength. Syracuse routed Maryland, 53-0, last week but has not yet really been tested.

Four more unbeaten arrays meet as Holy Cross, 19-6 victor over Manhattan, tackles Carnegie Tech, and Dartmouth, 22-0 conqueror of Princeton on three long runs, engages Brown's vastly improved forces. Columbia, paced by Sid Luckman and Art Ravilias to a sensational, 20-18 victory over Army, tangles with Colgate whose sturdy defense held Duke to a 7-0 count.

Penn. whose potent attack built around Francis Reagan and Jim Connell, crushed Yale, 31-0, the Elis' first shut-out in 37 successive games, meets Princeton next. Harvard and Army square off at Cambridge. Yale may take its third straight beating in a game with Navy which rolled up a 33-0 score on Virginia.

The intersectional program is headed by the annual duel between undefeated Fordham and Purdue's Boilermakers who surprised by holding Minnesota to a 7-0 decision. West Virginia, shocked by a 6-6 draw with Washington and Lee, faces Michigan State, and Villanova plays host to Centre college.

Middle West: An intersectional battle between Pitt and Wisconsin and a perhaps crucial Big Ten match between Minnesota and Michigan share top billing.

Ohio State, beaten 14-7 by Southern California's passes, digs in against formidable Northwestern which routed Drake, 33-0. Chicago and Iowa get together in another Big Ten conference game.

Illinois, which surprised Indiana, 12-2, will attempt to halt Elmer Layden's Notre Dame outfit which had to overcome stout resistance before topping Georgia Tech, 14-6. Indiana tackles Nebraska's Cornhuskers who celebrated Head Coach Biff Jones' birthday by dropping an all but unbelievable 8-7 decision to Iowa State's cyclones.

Big Six interest will center on the meeting of Oklahoma, which halted Texas, 13-0, and Kansas, and the clash at Columbia between Eastman, Vaessen, Kelchner, Shiras, Reese, Gehant, Youngmark, Rhoads, McGrail, Wienman, Pierce, Mendota—Faber, Larkin, Matheson, Innert, Brown, Brazenfelder, Lucas.

Coach Marv Winger's lightweight triumphed over Mendota's junior team by a 13 to 6 score in the preliminary game.

Dixon took the ball on the kick-off and in a series of four successive first downs, the fellows marched straight and unrelentingly to a touchdown in the first quarter before Mendota could possess the ball.

In the matter of first downs the two teams were equal with six apiece. McNichols made the first score on a plunge through center and right guard in the closing seconds of the first quarter. Crawford on an attempt through the line for the extra point was halted.

In the second quarter, McGrail, Dixon punter, punted to the Mendota 45, where Miller fumbled and Wienman of Dixon recovered on the 40 yard stripe. Reese went around right end for 4 yards, McGrail cut back through right tackle for about nine yards and on a reverse, McGrail to Reese, another first down was made to the 3 yard line. McGrail through right guard pushed the pigskin to the six inch line from where the Purple let it across on a reverse from McGrail to Reese. McGrail cut through left tackle for the extra point.

Mendota's score was made just before the final gun on a brilliant pass from Miller on the 11 yard line to Knox in the end zone. Miller's kick failed.

The whole lightweight game was spattered with offside penalties by both anxious teams and a series of passing efforts—some successful—by Mendota.

### SPRING VALLEY DEFEATS LOCAL BASEBALL CLUB

Total of Twenty-Four  
Runs Scored in Last  
Game of Season

The boys more or less went wild yesterday afternoon (and that includes the pitchers) as the Dixon ball club took it on the nose, 13 to 11, from Spring Valley. There were more runs than in a taxidancer's stockings.

Elmer Haas, the ballyhooed hurler from the minor leagues, gave a good account of himself for two innings—including a beautiful home run in his first trip to bat—but a lame back whisked him off the mound and Harold Prestegard replaced him. In the two innings Haas pitched for Dixon he allowed one hit and struck out three. He went to first base in the third and to right field in the fifth.

Game See-Saws.  
The game see-sawed back and forth in a slow-paced affair which lasted until mosquito time and scores fell as thick as the autumn leaves.

A strange fourth inning netted five runs from one hit for the local club. But to start from the beginning, Dixon scored two runs in the first frame when a double by Windmiller drove in Flanagan and Martin.

In the first of the second the Spring Valley club, champions of the Illinois Valley league, scored a run when Peters was walked and on a bad peg to nab him at second Windmiller threw wild and the runner came home. In the last of the same chapter Haas' homer drove in B. Carlson ahead of him.

Score Is Tied  
Spring Valley tied up the score at 4 all in the third when Martin's error proved costly to the locals. Trevor, who had singled and taken third on a wild pitch, scored on an error. Gloviski went to third (he had singled and gone to second on the wild pitch), and it was A. Martinus who reached first. Gloviski and Martinus scored after Chlado's fly to centerfield.

Neither team scored in the last of the third or first of the fourth, but things went daffy in the last of the fourth. Gloviski, pitching for the champions, walked five men in a row. On these free trips H. Prestegard and B. Carlson were walked in and A. Carlson reached third on the stroll. He scored on Lebre's double. Score: Dixon, 9; Spring Valley, 4.

Both teams scored one run off one hit in the fifth. Dixon's was a home run by Harold Prestegard. In the sixth Flanagan of Dixon doubled and scored on Lebre's single.

Four Runs in Seventh  
A walk, two singles, a double and two fielder's choices netted the visitors four runs in the seventh, bringing the score to nine for Spring Valley and 11 for Dixon.

The league champions took the lead away from the Dixonites in the eighth and they never recovered it. In this frame A. Martinus got a single but was out from pitcher to second; Andreano took first on the fielder's choice, Chlado doubled to score Andreano. Peters was out from pitcher to first for the two-away. J. Martinus slapped the apple for a home run and scored Chlado ahead of him. Buddie reached first on an error by Lebre and a double by Taylor scored him. Trevor struck out. Score: Dixon, 11; Spring Valley, 13.

Haas for two innings allowed one hit, struck out three and walked one. H. Prestegard, who replaced him as Dixon's hurler in the third, allowed 11 hits, struck out four and walked five.

Gloviski, Spring Valley moulder, worked the entire game and permitted 10 hits, struck out 10 and walked seven.

There were no errors blackmarked against the visitors while Dixon had five.

### On the Side

Bits of Gossip of  
Sports Picked  
Up by AP  
Writer

BY EDDIE BRIETZ

New York, Oct. 10.—(AP)—Now that the series is over and a little newspaper space is available, the Dodgers may announce the signing of Leo Durocher as manager any hour. One of the stories going around series headquarters is that Babe Ruth eliminated himself by having a clubhouse fight last night with Durocher just before the season ended. Without meaning to take any credit away from the Yankees, the concensus here is the Cubs beat themselves by playing bush league baseball. Joe McCarthy now has won eight series games in a row from his old boss, Phil K. Wrigley. Wrigley fired Joe and there is lost between the pair, but McCarthy still sticks to one of Wrigley's brands of chewing gum.

In our book, Ripper Collins pulled the best crack of all. He said: "We came, we saw and we are going home lucky at not being hurt." Larry French, the Cub southpaw, soon will start a vaudeville tour giving badminton exhibitions, with Dizzy Dean as commentator. That thought to be rich. All Joe McCarthy hated about it was that it had to be called Hartnett. Gabby used to catch for Joe at Chicago and the Yankee boss loves and admires the big fellow, just like every one else. A delegation of American League club owners may call on the ailing Colonel Rupert soon and ask that he break up the Yankees for the good of baseball. They may have something there, at that.

Doc Sutherland out at Pitt probably has the best first football team in the country. Still he's hollering his head off because he ain't got two. Them coaches! Dr. Lou Little, the Columbia Maestro, can doff that new derby of his a few times for our money. Illinois beating Indiana was what you would call a real upset. Boys, were the wolves howling under the historic slims of the Yale campus Saturday night?

Also, in every pub, pool room and cigar store in New Haven? As we told you all last summer, a good team to keep your eye on is this Wisconsin outfit. Where are the guys who wanted to bet Notre Dame would knock Georgia Tech. off by four touchdowns? Prof. Bill Alexander was saving up for that one.

Gene Tunney says no living fighter can defeat Joe Louis, but that Louis will in time lick himself by eating too much fried chicken and pork chops. Well, can you imagine a nicer way to get licked?

Joe Gordon's younger brother, Jack, is making a name for himself as shortstop out at U. of Oregon and since Howard Hopson, Oregon's baseball coach, looks out for the Yanks in that territory you can look for young Jack to be stepping into Frankie Crosetti's shoes one of these fine days. But not for a long time, we all hope. This was a flat series and everyone is glad it is over, including the Cubs.

## BRITAIN SEEKS TO END DISORDER IN THE FAR EAST

**Armed Forces Begin New and Mighty Drive on Terrorists**

Jerusalem, Oct. 10. (AP) — British armed forces in Palestine undertook today a new and mighty drive to stamp out terrorism.

The home government ordered reinforcements for the campaign sufficient to bring to 21,000 the approximate total of British soldiers and police in the Holy Land.

Britishers here saw in this indication all resources of the empire would be put behind a drastic drive to halt the Arab-Jewish strife which flared July 3, 1937, when a British royal commission recommended partition of Palestine into Arab, Jewish and British-mandated areas.

Five persons were killed and 11 injured seriously Saturday and Sunday, and the death toll for the past year has mounted into the hundreds.

Lieutenant General R. H. Haining, commander in chief of the armed forces in Palestine, marshaled existing troops to begin the anti-terrorist expedition.

The decision to bring in new reserves, it was understood, was to enable the military forces to concentrate in hunting terrorist bands in outer districts, leaving police contingents free to enforce order in towns and cities.

Recognition of the persistent disorders as virtual civil war presumably led to posting of the reinforcements and plans for a strong plan of action.

**ARABS WARN JEWS**  
Damascus, Syria, Oct. 10. (AP)—The Arab defense committee of Palestine today warned Jews of the Far East to expect grave troubles unless there is an end to efforts to become strong in Palestine. A telegram to Chaim Weizmann, president of the Zionist federation and the Jewish agency for Palestine immigration, was signed by Nabil El Azme, president of the Arab committee.

"Your attitude will lead you and Jews of the east to the worst of calamities that have been written in history up to the present," the telegram said.

It warned that "if Britain resorts to war to defend you in Palestine, Britain cannot defend you in Arab nations and in all of the east."

"Arabs, even if they must be entirely annihilated and cost them what may never permit you to establish yourselves nor become a majority in Palestine," the telegram read.

**Czechs Turn to U. S. for Financial Help in Recovery**

Vitkovice, Czechoslovakia, Oct. 10. (AP)—Czechoslovakia's private industry, threatened with extinction as a result of the republic's dismemberment, turned toward the United States today for capital to rebuild plants and railways.

Industrial leaders said they hoped especially to obtain loans in the United States—either public or private—to build railways and highways through Czech territory to replace lines and roads now cut by German and Polish areas.

They also hoped to increase export business with the United States to obtain the foreign exchange necessary to pay for imports of coal and sand from mines formerly in Czechoslovakia but now included in areas occupied by Germany and Poland.

The great Vitkovice iron and steel works, the largest in Czechoslovakia, faces a forced shutdown since the coal mines which supplied it have been taken away.

Officials said approximately 60 per cent of the hard coal production of the Moravia Ostrava mines was lost by revision of the frontier. The revision also gave Germany and Poland 90 per cent of the republic's soft coal.

**Methodist Men's Club—Dr. C. R. Goff** of Rockford, who has recently returned from a several weeks trip to Europe will be the speaker at the Men's club of the Methodist church at the church at Tuesday evening. He will show moving and still pictures of several points of interest in European countries during his lecture. Dr. Goff has spoken in Dixon on several occasions and is a very interesting speaker. Reservations may be made by calling 450.

**Union Training Class**—The third weekly session of the Union Training class will be held tonight at 7:30 at St. Paul's Lutheran church. All Sunday school and church workers invited. Rev. David Rawls of the West End Congregational church will lead the devotionals and Rev. Lloyd W. Walter, of St. Paul's Lutheran church will teach the lesson, Chapter VII and VIII of the book, "How Would Jesus Teach?" The Presbyterian school will be hosts at the social hour.

**IN PHILIPPINE CHURCHES**  
Manila, P. I. (AP)—Use of Japanese flags in church services and worship of Japanese-made images were reported in the Babuyan islands of the Philippine group by Elpidio Quirino, interior secretary of the commonwealth. The Babuyans are fairly close to Japanese Formosa.

After his inspection trip to the Babuyans, the secretary recommended a more rigid patrol of the islands by Philippine outposts.

During the Chicago World's Fair, Chicago department stores showed a sales gain of 21.6 per cent in July 1933, and 43.3 per cent in August 1933.

# DON'T MARRY THE MAN

By Jeanne Bowman

## THE CHARACTERS

Kathleen Gregory: peppery red-haired member of the Gregory clan, goes West incognito to secure a right-of-way for The Golden Girl mine.

Donald MacDonald: young owner of The Stubborn Boy mine, has refused the right-of-way, hates the Gregorys.

Bridget: Kathleen's companion.

any hospital or doctor's care he'd need.

Kathleen's eyes were wide with hope. Balmey had not only been her grandfather's miner, he'd been his friend. Now she could learn all she wanted to learn.

"Funny his taking you for Old Angus," mused Kit-Smyth as they drove up before his bungalow.

Both girls admired Kit-Smyth's home. It was roomy, a bit overfurnished, but comfortable in a mannish way.

The Scotch woman who presided over the domicile was dour and disapproving at his entertaining young ladies, until Kathleen removed her hat, then she beamed.

"You'll have plenty of attention from the Gregorys," Kit-Smyth told Kathleen, as the woman retired from the room. "They have a softness for red-haired people. Old Angus had hair like a carrot top when he was young."

"A carrot top," came icily from Kathleen. "Is green. But I'm glad someone likes it. I met that MacDonald person and he positively insulted me because of my hair."

The girls thought Kit-Smyth laughed unnecessarily loud and long. "The MacDonalds can't take it. They can do what they want to do up their town but they haven't a mine like ours and that's what counts in the long run."

According to Kit-Smyth, answering a call from The Golden Girl, the Gregorys had consented to renting their house.

"You can move in, immediately," he assured them.

He sent for a house-boy, a young Ute Indian and this "Joey-wide-eyes," looked at Kathleen and swore silent allegiance to her.

Joey-wide-eyes, whose name was promptly abbreviated to Joey by the girls, took them first to the hotel to pick up their car and baggage while he drove on to open the house.

Approaching her grandfather's home, Kathleen felt a strange interest. When there had been a discussion of family background, it had always, heretofore, revolved around her mother's family. With-out analyzing the clan's motive, she had accepted a heritage of knights and ladies, baronial castles and estates. From what she had heard, Old Angus Gregory was far from genteel. She felt sudden kinship. There were times when she longed to be definitely barbarous.

Spartan Simplicity

The front door of heavy oak swung open and the girls stepped immediately into the living room. Kathleen looked around, then looked at Bridget.

"This," remarked her friend, "is what is known as Spartan simplicity."

"I like it," declared Kathleen, belligerently.

"Um," agreed Bridget. "Personally, I could do with some cushions."

They followed Joey to the second floor where three bedrooms boasted of furniture as gargantuan in size as they were unyielding in surface.

Bridget chose the smallest of the three because the north windows gave view to a cone-shaped peak, and because "the fireplace is within heating distance of the bed."

Kathleen hurried to the master room. It opened south and west with a view that would be awe-inspiring once the windows were cleared of their layers of dirt.

"I'll take this," she stated.

"No, Miss," protested Joey. "Old Angus depart from this bed. His woman depart from here too."

"I still like it," she said.

"But Miss Cleo," wailed Joey, "some time spirit he come back."

Bridget's laugh thrilled out. "He has you there," she admitted. "Is that why you don't fire him?"

Moving In

"No, and he's getting too old to work. Old Angus brought him over from Scotland and when the boss died we found his will had taken care of Balmey from that time on. He could work as long as he wanted to. He could own his own property and if he wanted more he could have it. And when he wanted to, mind you, wanted to stop work, we were to keep on paying him full salary and pay for

CHICKENS MAY BE DUMB.

Oklahoma City, Okla.—(AP)—If you think a chicken is "awful dumb" revise your estimate. They're smart enough not to eat poisoned grasshoppers.

F. E. Whitehead, entomologist at Oklahoma A. & M. college, experimented to determine if poisoned bran, fed to grasshoppers, had ill effects on fowl that might consume the "hoppers."

"A pen of chickens learned quickly that the 'hoppers' were attempted to feed them were poisoned and they would eat only the legs of the insects," he said.

"When the rations were changed again and unpoisoned 'hoppers' were fed to them, the chickens ate them with gusto."

# THERE'S NO POINT IN LETTING NERVES GET FRAYED!

COCKER SPANIEL

Spanyell family dates back to 1386. Cocker is smallest of family. A very popular pure-bred dog in U. S. Standard colors range from solid blacks, reds, to shades of cream; liver red and combinations. Versatile, can be trained into retriever. Great lover of human family.

HE'S GIVING HIS  
NERVES A REST

...AND SO IS HE

MECHANICAL ENGINEER

HAVE you noticed how a dog, in the midst of play, suddenly stops and rests? His nerve system—as complicated and high-strung as our own—has signalled that it's time to relax! Man, unfortunately, is less sensitive to the warnings of his nerves. Though nerves may need a restful pause, we are inclined to press on in our absorbing tasks—relentlessly—forgetful of mounting nerve strain. When we find ourselves tense, irritable, upset, we may not even realize why. Don't let tension tie your nerves in a knot. Make it your pleasant rule to break nerve tension often through the day—TO LET UP—LIGHT UP A CAMEL! Feel how gratefully nerves welcome the mellow intermission that your nearby package of Camels suggests. And not only do smokers find Camel's costlier tobaccos soothing to the nerves—but milder, too—ripe-rich in flavor—completely enjoyable from every angle!

Millions of people who live happily  
LET UP—LIGHT UP A CAMEL

FLAGSHIP PILOT, Captain Walter J. Hunter of American Airlines, speaks for his profession when he says: "Ragged nerves and flying don't mix. I head off nerve tension by giving my nerves regular rests—let up and light up a Camel. I find Camels soothing to the nerves."

## DID YOU KNOW:

—that the grower of tobacco also cures it—in many cases, in barns equipped to apply heat without smoke? That the planter works day and night until the curing process is completed? Selection of Camel's tobaccos requires the services of men familiar with every phase of growing, curing, and aging choice tobacco. It is well known in the tobacco trade that Camel cigarettes are a matchless blend of finer, MORE EXPENSIVE TOBACCOS—Turkish and Domestic.

"RUSH ASSIGNMENTS, deadlines, phone calls would wreck my nerves," says New York newspaper woman Estelle Karon, "if I didn't pause frequently, I let up often and light up a Camel. Camels soothe my nerves. I work better—get more fun."
